Dear Ron:

Just a short note to thank you for being receptive to my suggestion of having you look into the CITV News reporter vacancy.

There was little doubt after our chat that your current position is solid and I am sure we agree that at this stage it would be unfair to disturb a good thing. Should you be seeking a change in the future, CITV, of course, is always interested in being aware of planned moves within the industry.

Again, thank you.

Yours truly,
Edmonton Video Ltd.
