Dear Ron:

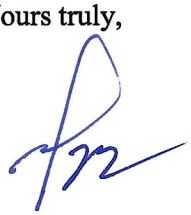

I wanted to take this opportunity to express my sincere thanks to you for all of your hard work in preparation for the May 7th announcements on the name and head office location.

I realize the amount of work involved in pulling together and executing a communication plan for an initiative of this magnitude – where timing is everything when communicating with both external and internal stakeholders.

In order for any organization to be a success, it takes a team of dedicated individuals working closely together to see the job through...you met the challenge and should be commended for your efforts.

Once again, thank you for a job well done.

Yours truly,

George K. Petty
