Western Convenience Stores Association

What is WCSA?

The Western Convenience Stores Association (WCSA) was formed in response to a need for a stronger collective voice from industry players on issues such as employee and customer safety and security, tobacco and other local, regional and national concerns. The association represents the interests of convenience store owners and operators in the western provinces of B.C., Alberta, Saskatchewan and Manitoba. WCSA members represent approximately 75 per cent of all stores in Western Canada. The mission of this association is to proactively and aggressively represent the interests of convenience store owners in Western Canada.
