MLAs Election Financials

Elections Alberta has released the financial statements of all the candidates who allowed their names to stand for office in the last provincial election.

The documents include total campaign revenue, encompassing transfers from constituency associations and the value of election materials, along with similar expenditures. Funds not spent on a campaign usually flow back into the constituency association of an MLA.

The following list reveals how much each of the 83 MLAs raised/spent on their campaigns (R-revenue; E-expenditures).
